## Ramblers Win Last Two Home Games; Meet Olds Elks Here Sunday Afternoon

Didsbury Ramblers have played four games since our last issue.

Space does not allow us to give full reports of all games but we will give you the scores to start with:

Feb. 1: Lacombe 7, Didsbury 6.

Feb. 3:

Feb. 5: Didsbury 5, Red Deer 3.

Feb. 7: Didsbury 6, Lacombe 4.

In their two last games the Ramblers of Didsbury have come out on top but we can't be too enthusiastic about the previous two encounters. If you notice the small print above in this column, you'll realize why we won't mention too much about the Olds game. (The roof fell in on the team and me too, I used to live there).

Earlier in the week, one of the clubs we should beat to get into the playoffs, handed us a defeat by a close one goal margin.

Don't know from here what happened, but the Ramblers could fire in their last two home games and were worthy victors in contests with Red Deer on Saturday night and also against Lacombe on Monday.

The scores are posted above but the lads who made them are not mentioned. Against Red Deer McMillan (the brick top) got the first two goals, and they were of the picture variety. He scored another on an empty net at the end of the game but it was disallowed as the final whistle had gone. Smith, Hawkins and Morgan were the other marksmen. Ten penalties were handed out, including four for fighting.

Monday night a small crowd saw the locals drop a 2-0 first period lead, build it up to 4-2 in the second and then slack off again until the score was again tied, this time at 4-4. The shock seemed to work and a penalty shot taken by McMillan broke the tie and Paolone scored the insurance marker with three minutes left on the time clock.

From the sidelines: It may not have been noticed by all, but on Saturday night when Ramblers had Red Deer here for a tussle all eight goals scored during the evening were punched in at the east end of the arena. Guess we better fire that guy that turns the red light on at the west end!

This season no programs have been handed out at the local games and the majority of fans have been wondering just what to call the fellows when he makes a good play. For your convenience we list below the name and number of all the Ramblers now on the roster:

Name	No.
Lutynne	1
Dumont	2
Paolone	3
Roberts	4
Robertson	5
Kotlow	6
Huculak	8
Devine	9
McMillan	10
Smith	11

### WESTERDALE NEWS

(From Our Own Correspondent)

Six ladies were invited to the home of Mrs. H. Jackson last Wednesday to assist in the sewing of a quilt, which was completed during the afternoon. Lunch was served by the hostess.

The Agricultural Service Board will be at the hall on February 17 at 2 p.m., with motion pictures of farm topics, educational travelogue slides and a cartoon for the children.

Could it be that spring is just around the corner. Six crows were reportedly seen in the district recently. Have they remained all winter, unobserved until now or have they already returned from the south. We're not prepared to say. However, we do know that two black birds are spending the winter at the farm of Mr. H. Jackson.

Mr. and Mrs. W. Wigley and Mr. and Mrs. F. J. Jackson attended to Calgary Thursday to attend the Ice Cycles.

Don't forget the dance this Friday with the Merry-makers orchestra. Mr. D. Herbert accompanied Mr. H. Russell on a trip to Taber last Monday for a truck load of molasses.

Mr. W. Wigley of Drumheller and Mr. Francis Jackson of Morris attended the volleyball games at the hall Sunday evening.

Mr. and Mrs. H. Jackson, Barbara and Roger, were Sunday visitors at the home of Mr. and Mrs. L. Morrison of Eagle Hill.

Miss Greta Kershaw visited at her home here last Friday.

Word was received last week that LAC A. R. Phil of Debert, Nova Scotia, and formerly of this district, is being transferred to No. 4 Fighter Wing Squadron 44, Solinger, Western Germany.

Mr. Jim Jackson of Didsbury spent Saturday night and Sunday at his home here.

Reports showed a very successful year in Red Cross work. There were two Blood Donor Clinics held during the year with approximately 400 donors participating.

The Treasurer's Report showed a balance of \$591.85.

The President outlined the work done during the year, and thanked all Committees for their co-operation.

The annual meeting of the Alberta Division C. R. C. S. will be held in Lethbridge on March 3 and 4th. Mr. and Mrs. E. Cowell and Mrs. S. Fox were elected delegates to attend this meeting, and Mrs. G. Tighe alternate delegate.

The following officers were elected: President, Mr. E. Cowell; Treasurer, Mr. G. McDonald; secretary, Mrs. J. Reinhardt; vice-presidents, Mrs. K. Burns for the east, Mr. J. H. Robertson for the west, Mr. H. Levegood for the town.

Women's work committee, Mrs. S. Fox, chairman; blood donor chairman, A. W. Reiber; hospital visiting, Mrs. P. Rennie, Mrs. R. Long, Mr. W. Reist; Crippled Children's Hospital committee, Mr. K. The executive committee remains the same as last year.

If and when Community Chest is organized.

## Curling In The News, Too !!!

Curling in the hospital at Carstairs last week, the local under-rated rink, skipped by Lawrence Dickson, with Oliver Blain, Mike Haener and Bob Stephens giving a hand, came home with the first prize in the third event. The prize for their effort was bathroom scales. Judging from the size of their chests after the final game we doubt if they got a true reading the first time on the scales.

Other rinks taking part in the Carstairs "spiel" were Charles Pratt, Erwin Klein, Tom Morris and Len Berscht. (They didn't win a pound).

Playing in the district championships at Red Deer and Sylvan Lake last Sunday, the local Lions club quartette, skipped by Cliff Sorenson and assisted (7-7) by George Law, Fred Evans and Howard Halliday, came out on top in the 33-rink "spiel" for district 37B, Lions International. (As we've mentioned before we're strictly a "home", but we must admit to our conscience that they must meet some soft ones.)

In more serious vein the Lions from here are competing in the playoffs with some other 30 rinks and with three of these being undefeated came out on top by virtue of a higher point total.

One local rink playing in the ice palace here last week in a regular draw ended up with eight rocks of their own in the house. The opposition spoiled things by having two in also. Result: six-ender. There goes that dream again!

## Rugby W. I. Plans Concert

The Rugby Women's Institute held their Meeting on the regular date Wed. Feb. 2nd with 10 members present who answered roll call by giving the name of their favorite casserole dish.

Mrs. P. Hosegood was nominated delegate to attend the one day cancer school in Calgary on Feb. 22nd.

The Women's Institute made plans for a variety concert to be held at Rugby Hall on Friday April 1st.

Roll call for March is a clothes hanger for Rugby Hall.

Mrs. Hoag, Handcraft convener, read the Handcraft list and members volunteered to make the articles.

Mrs. McNaughton chose for her Health topic: New Drugs.

The sum of 1940 was paid to our constituency convener Mrs. Hoag for Rugby Women's Institute share to Old Pokes' Home. One dollar district dues was also paid to Mrs. Hoag. Home and Country subscriptions were again renewed from the funds.

The social 15 minutes was in charge of Mrs. P. Hosegood. The tea draw was won by Mrs. Ray.

Candy contest is to be held at next meeting at the home of Mrs. P. Hosegood.

## Harmattan News

(From Our Own Correspondent)

Miss Kathleen Grange is a patient in the Didsbury hospital. Everyone wishes her a speedy recovery.

Sigurd Baustad is also a patient in Didsbury hospital, where he is undergoing treatment for a skin disease. Hope we will soon see him up and around.

Mr. and Mrs. Jim Armstrong were hosts to a number of the young people of the district. They held a skating party on Saturday, for their son Tommy. Skating took place at Howard Moore's and then the party moved to the Armstrong home for refreshments.

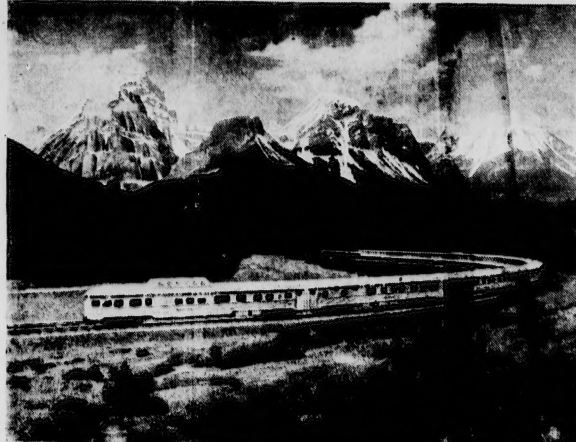

Mr. and Mrs. Tony Spooner were recent visitors in Innisfail where they attended a wedding.

## Former Local Bank Manager Dies

Franklin Dunlop, local manager of the Royal Bank from 1939 to 1945, died Feb. 2nd, at Pincher Creek, at the age of 61.

Mr. Dunlop had retired from the bank in 1934 but still made his home in the southern centre. He is survived by his wife and one son, Doctor Don Dunlop of Taber.

While here the deceased was active in local groups, being charter president of the local Lions Club, president of the Board of Trade and served in various capacities in other organizations.

Equipment such as this, powered by diesel locomotives, will enable the Canadian Pacific Railway's new streamliner "The Canadian" to slice 16 hours from the present Westward transcontinental schedules when the all stainless steel train goes into service April 24. The new train will travel the 2,881 miles from Montreal to Vancouver in 71 hours and 10 minutes, and the 2,704 miles from Toronto to Vancouver in 67 hours, 55 minutes, reducing the trip by a full night in each direction. The latest in accommodation, includes de luxe coaches, a skyline coffee shop

domo coach in which meals or snacks can be obtained at popular prices, a modern electrically-kitchened dining car, new "Manor" and "Chateau" sleeping cars, and the newest thing on Canadian rails -- scenic-domo lounging-observation sleeping cars.

(Borrowed)

An elderly couple from a rural community were fascinated by the window displays along the main city street. For a long time they stood watching a demonstrator place a bunch of laundry in a washing machine with the resultant swirling and splashing of water. "Well," said the old lady at last, "if that's television, they can have it."

★  
You can always tell a well-informed man: his views are the same as yours.

★  
"Dad, guess what? I've got my first part in a play," said the budding young actor. "I play the part of a man who's been married for 25 years."

★  
"Well, that's a good start, son," replied the father. "Just keep at it, and one of these days you'll get a speaking part."

★  
There are two sides to every argument, but no end.

★  
"I haven't seen you at church lately," a minister remarked to one of his parishioners one day. "I hope you're not slipping from the fold."

★  
"Well, no exactly," replied the man. "But my daughter's learning to play the harp, and well-to tell you the truth, I'm not so particular about going to Heaven as I used to be."

★  
Officer: "Why didn't you stop when I whistled?"

★  
Lady Driver: "Sorry officer, but I'm pretty deaf."

★  
Officer: "Well, don't worry about that, Madam. You'll get your hearing tomorrow."

★  
There are two sides to every question, as long as we're not concerned personally.

★  
When a district farmer was short six fresh eggs to complete a customer's order, he found the needed half-dozen in the family refrigerator. Later he got a call from his customer. There was something about those six eggs the farmer's wife hadn't told her husband. They were hard-boiled.

★  
Heard at the coffee counter: The trouble with my boss is that he wants to pay me what I'm worth—but I won't work that cheap.

Don't ever mistake pleasure for happiness. They are entirely different breeds of dogs.

### Through The Study Window

By REV. C. C. ARMSTRONG

It seems that there is in Calgary a group or organization functioning under the name and according to the principles of Mr. Dale Carnegie. Mr. Carnegie is the author of a number of books among them "How to Win Friends and Influence People."

Inasmuch as I can speak with all the assurance of ignorance, having never read his book, something should be said on the subject.

The title "How to Win Friends and Influence People" will be henceforth referred to simply as "ITWFAIP". One of the basic principles of ITWFAIP (by the way, don't try to pronounce that) is that anyone learning his own hobbies should not talk about his own hobbies but on the contrary should encourage others to talk to him about theirs. After he has had both ears thoroughly stuffed he now has his prospective friends firmly in his clutches and can proceed to influence him in any desired way. Thus Character A is able to make a friend of B. I do not know what procedure is carried out if B has also read ITWFAIP and if he on his part wants A to come under his influence, rather than vice versa. In any event, the hobbies must take quite a knocking about.

On one occasion I was told a much simpler method of being able to win friends and influence. It was on a car journey, on new roadway just under construction. Someone had taken down all warning signs on a newly graveled stretch, and we were proceeding on our way. Further down, around a curve the construction crew had rather thoughtlessly failed to put in a bridge across a gully. We landed in the bottom but no one was hurt and the car was undamaged but completely blockaded fore and aft.

The chief construction engineer, when contacted by phone told me "I might be able to persuade a road maintenance man to take out a maintainer and haul out the car." Somehow or other he got the impression that I was somewhat lured about the situation, and he gave me this piece of advice in the form of a proverb, to use when soliciting help — "More flies are caught with slyrup than with vinegar."

In conclusion, another man of even greater spiritual stature than either the author of HW etc. or the engineer has said "The only way to have a friend is to be one." Still another, the greatest of all has said "Henceforth I call you not servants but friends." So there it is — 1. Lend me the book; 2. Pass the slyrup; 3. Give me Christ. Or reverse the order so it will be 3, 2, 1.

### WEDDINGS

PERSINGER - MERKL

The Central United Church of Calgary was recently the scene of a beautiful wedding, when Miss Dorinda Jean Persinger, daughter of Mr. and Mrs. Eli Persinger of Montgomery, exchanged vows with Mr. John Stephen Merkl, eldest son of Mr. and Mrs. Steve Merkl of Brooks. The Reverend Dr. Gerald Switzer officiated at the double ring ceremony.

The bride entered the church on the arm of her father who gave her in marriage. She was attired in a strapless Princess styled floor length gown of nylon net over satin trimmed with sequence with a brocaded matador length jacket and a Peter Pan collar trimmed with rhinestones and pearls. Her floor length veil of illusion net was caught to a tulle of orange blossoms. She carried a bouquet of red roses. Her only jewelry was a pearl necklace with matching earrings, a gift of the groom.

The maid of honor was the bride's sister, Miss Louise Persinger who was dressed in a floor length strapless gown of blue nylon net and lace over taffeta with matador length jacket and high pointed collar and matching chapel veil. She carried a bouquet of tinted pink carnations.

The bridesmaids were Miss Irma Svolsensky of Reiner and Miss Edna Helmer of Tiley, who wore similar gowns which were pink and yellow respectively. They carried bouquets of carnations.

The flower girl was 2-year-old Marjorie Larson, who wore a floor length gown of blue nylon net over tulle. Her head dress and nosegay were of pink and white baby carnations.

Mr. Joseph Merkl, brother of the groom was best man and Mr. Stephen Merkl and Mr. Howard Persinger ushered the guests. The organ music was supplied by Mrs. Chapman Clark.

The wedding reception was held at the Ranch Room in the White Spot, where Mr. Johnny Kakuk of Drumheller proposed the Bridal toast. After the honeymoon in Edmonton, the couple will reside at 4107 Centre St. North in Calgary.

Cancer, credited with 17,710 deaths, killed nearly four times as many Canadians in 1952 as all other diseases combined.

## INDUSTRIES AND LABOUR IN ALBERTA

The Department of Industries and Labour carries many varied responsibilities. It takes an essential part in the development of industry throughout Alberta and in creating improved conditions affecting the whole economy of the Province.

One of the chief duties of the Department is the maintenance of harmonious relations between labour and management. A special branch—the Board of Industrial Relations—administers the Alberta Labour Act, which in itself has gained wide recognition as outstanding legislation of its kind. By its provisions, the Board of Industrial Relations has jurisdiction over such matters as minimum wages, hours of work, holiday and overtime pay, as well as general conditions affecting the welfare of the worker. The Act applies to all employers and employees in the province except farm labour and domestic servants.

Full collective bargaining rights are guaranteed under the Act and the procedure for settling disputes through negotiation, conciliation and arbitration is carefully outlined.

Alberta's record is singularly free from strike action. There have been relatively few major disputes. The department gives careful consideration to the problems of both labour and management.

In Alberta, with its marked industrial expansion, an adequate supply of skilled labour is essential. The training of young men and women for designated trades is the responsibility of the Apprenticeship Board and is a joint undertaking of the Provincial and Federal Governments. In relation to population, more apprentices are being trained in Alberta than in any other Canadian province.

The Co-operative Activities Branch of the department supervises all types of co-operatives in Alberta. These include rural electrification associations, producer co-operatives, livestock feeder associations and credit unions.

Special reference should be made to the Rural Electrification Associations through which farmers build power lines and electrify their farms. Assisted by the co-operative Activities Branch, these associations have scored a remarkable record, with between five and six thousand additional farms being electrified each year. Total number is now well over 28,000, an increase of some 14,000 since 1949.

A revolving fund of \$10,000,000 has been made available by the Alberta Government from which Rural Electrification Associations may borrow as much as 85 per cent of the money needed to finance the building of their lines.

The Alberta Power Commission, charged with the general supervision and encouragement of all matters relating to electric power in the province, functions as a branch of the Department of Industries and Labour.

Provincial Marketing Board, another branch, is empowered to provide producers, manufacturers, distributors, and consumers with the means of buying and selling goods at fair and equitable prices. Its policy of buying raw materials in mass quantities may be applied where necessary, and is of great benefit to the small Alberta manufacturer.

Three special inspection services, designed to protect life and property are conducted by other branches of the department. These are inspections of boilers and pressure vessels by the Boilers Branch, installation and appliances by the Electrical Protection Branch, (and under the provisions of the Factories Act) train elevators, freight and passenger elevators, and oil drilling rigs. The Factories Act also covers such matters as sanitary regulations and fire prevention.

Another division of the Department of Industries and Labour is the Bureau of Statistics. The function of the bureau is to collect and compile statistics of value not only to the various departments of government but to the public in general.

Vaccinations for Bangs Disease have been completed for this round. If per chance you have been missed or were not at home when the veterinarian called at your place, and you have heifer calves for vaccination set in touch with us and we will see to it that your calves are vaccinated. Some men in the new area taken over by the municipality have also asked to have their calves vaccinated. This new area is also a restricted area now on a voluntary basis for the time being. When the fall drive comes the entire municipality will be on a compulsory vaccination basis, as has been the case heretofore, in what was known as the old part of the district.

Since the start of this program in November of 1953, close to 20,000 heifer calves have been vaccinated against Bangs disease in Mountain View. Before long, these vaccinated calves will make suitable herd replacement material and eventually it will be the opportunity of every cattlemen to have a herd of adult time that are immune to the dreaded Bangs disease.

Don't forget the meetings we plan to hold next week from Feb. 14 to 18. Dates and places appeared in this column last week. Posters are up as well. As a result of these meetings it will be impossible for me to hold coyote school at my office on Feb. 18. Plan to get the materials you need for coyote control either before or after that date.

## WALTHER LEAGUE MAKES CONVENTION PLANS

The Feb. 1st meeting of the Redeemer Walther League opened with the hymn "Angels From the Realms of Glory," scripture reading and a prayer. Rev. Fox led a continuation on the Study of the Life of Martin Luther, centered on "The Emerging Reformer" and "Luther Attacks the Indulgence Traffic."

All those members planning to attend the convention in Calgary on Feb. 18, 19, and 20th were asked to meet at the church on Sunday evening to work on a Bible Study to be presented on Feb. 19, and also to obtain Banquet tickets from the Secretary before Feb. 12th.

The plan of selling vanilla in order to receive a 48 cup coffee urn, was tabled until after the convention. All members were asked to bring the name of their favorite hymn to the next meeting. The name of the hymn receiving the most votes will be sent to the International Convention Committee where they will use the ten favorite hymns during the Lobby Sing at the 1955 Convention in New York.

## M.V.B.C. NEWS

(From Our Own Correspondent)

President Taylor has concluded his week's special services in the Mt. View church, east of town. There was a good attendance throughout. On Sunday morning the male quartette from the College brought the special singing.

Several groups were busily engaged in Gospel Service League work in different appointments and have returned with good reports. One group went to the Bergen church on Saturday and were engaged in visitation work that day. The practical work engaged in will stand them in good stead when they begin their own work as ministers.

Because of the special concerts in Calgary Monday evening, the Didsbury Choral Society did not meet. All members are urged to be present next Monday evening. There is quite a good enrollment in this community endeavor this year and all of the members are enjoying the special numbers arranged by their director, Mr. Lusk.

On Friday evening last the young people of the college held a skating party on the V. H. Sherrick farm. After the party, weiners and buns were enjoyed in that home, after which devotions were held. Mr. Earl Reininger, chairman of the College social committee, is doing a good job in this field.

Edward Oke, president of the juniors of the college, and his staff of workers, are busily engaged these days planning for the junior-senior bazaar to be held in March. The juniors always have a good time planning for these class functions and all of them are looking forward with anticipation to these closing events.

On Sunday evening the quartette known as the Jubilaires had charge of the Youth Fellowship service in the United Missionary church. They sang several numbers, and they really can sing. Wayne Kagey brought the message, and Wayne can really speak. We are happy to report that after the accident this quartette suffered, all the young men are again able to sing and take their part in public service as before. Many friends helped them in their great need and we appreciate all that has been done for them.

Mrs. John Cook has taken over in the kitchen. We are happy to have Mr. and Mrs. Cook in the college, and she is doing splendid work for us. She says that to get used to the work will take her a little time, but Mrs. Edna Eby is always on hand to advise and help, and we are sure Mrs. Cook will soon know where everything is, and what type of meal to cook for the young people.

## FALLEN TIMBER

(From Our Own Correspondent)

The regular meeting of the Busy Bees was held at the home of Mrs. Delores McMullen, with 12 members and two visitors present. The roll call netted \$3.87, a penny for each inch of waistline. It was decided to hold a whist drive and canasta party at the school on Feb. 18. Two draws were held with Mrs. Louise Moncey and Mrs. Jennie Dick being the winners. The next meeting is to be held at the home of Mrs. Roberta Stair, with Mrs. Springay and Mrs. Susan Teynor serving.

Miss Anita Moncey and Miss Barbara and Dorothy Stair did some curling Friday afternoon under the direction of their teacher, Mrs. Edith Luft.

Maste' Brian Moore was a recent visitor at the home of Danny and Jeanne Howton.

Due to a misprint in the last issue it stated that Johnny Howton had cut his leg. It should have read Mr. Johnny Hayes had the misfortune to cut his leg.

Mrs. C. Hayes and Mrs. C. Roberts and girls were visitors at the home of Mrs. Delores McMullen Wednesday.

A lovely surprise party was held for Mrs. Joe Teynor on Feb. 5. Those present were Mr. and Mrs. Pete Janzen, Velma and Blair; Mr. and Mrs. Stan Janzen, Howard and Penny; Mr. and Mrs. Dave Janzen and Lynn; Mr. and Mrs. Ken Janzen and Terry; Mr. and Mrs. John Harder and Linda and Mrs. E. Berscht and Art.

## ZELLA NEWS NOTES

(From Our Own Correspondent)

(Intended for last week) Congratulations to Mr. and Mrs. Wilbur Janke on the birth of a son, Lloyd Edward on Thursday, Jan. 27 in the Didsbury hospital.

Mr. Emma Janke has been a visitor for the past week at the home of Mr. and Mrs. Gordon McLean of Calgary.

On Wednesday afternoon a number of W. I. ladies met at the school and tied two Red Cross quilts. Mrs. Cliff Gibbs is again a patient in the Olds hospital.

## Didsbury Institute Holds Meeting

The February meeting of Didsbury W.I. was held at the home of Mrs. Ruby Block and opened by singing two songs and repeating the creed. Roll call was answered with a "pound shower" for the Didsbury Lodge, making a good-sized box of assorted food stuffs.

Mrs. Rathburn and Mrs. Micky Miller thanked the ladies for the F.W.I.C. pins they received for the duties they performed the past year. Pins were also handed out to those having ordered one. Ten cents per member will be sent to F.W.I.C. for the wearing of these pins. The handicraft and home economics entry lists were read and discussed.

The Didsbury W.I. was represented at the Community Chest meeting held in the Lions hall Feb. 2. Red Cross knitting was handed to Mrs. Pieper, and remarks were made of the very poor quality of the yarn used in the men's socks. Dresses from the Distressed Citizens' Work Shop, Moose Jaw, were shown; some were modelled for the ladies to see and buy if they so desired.

The "bit of fun" was a contest given by Mrs. Klein and won by Mrs. Hall. Mrs. Esler gave the 5-minute talk. The candy was then judged by three ladies, honors going to Mrs. McDonald, Mrs. Pross and Mrs. Micky Miller. Birthday gifts were received by those having birthdays in February, from their "secret pals."

The 10-cent draw netted \$2, with Mrs. Esler holding the lucky 13. The meeting closed with two songs and lunch was served.

The March meeting will be held at the home of Mrs. Eleanor Clark. Ladies are asked to bring cake and tea biscuit to be judged.

## JACKSON INSTITUTE PLANS CARD PARTY

The January meeting of the Jackson W.I. was held at the home of Mrs. A. Owens, with 18 members and eight visitors present.

Roll call was answered with each member giving a recipe of a one dish meal for supper. For her five-minute talk Mrs. V. Pelker explained how baked goods were judged for contests, giving all a clear picture of how the finished product should appear. Mrs. Pelker also handed out pamphlets containing cliffed cake recipes to all members.

We were very glad to have Mrs. A. L. Hogg, constituency convener, present and enjoyed the talk she delivered.

It was decided to have another card party at the Jackson school on Feb. 10. Bridge and 500 being the chosen games for the evening. A cordial invitation is extended to all. Mrs. S. Owens conducted the bit of fun, which brought forth much merriment and took everyone back to the "good old days."

Programs were handed out to all members, also the handicraft list for 1954.
